

BASIC SESSION: Your Basic Session will last about 15 minutes. You will view your proofs as we take them and make your choice for the yearbook at the time of the session.

ANYONE WISHING TO HELP MAKE THE SELECTION MUST COME WHEN THE PICTURES ARE TAKEN. Please check with your school to find the specifications your yearbook needs. The questions you need to ask...

- 1) Required clothing. (Coat & Tie, Tux, Drape for girls or casual etc.)
- 2) Are they looking for a print or a file? What are the size specs?
- 3) IF THEY NEED A FILE: We will email it directly to the school. We will need to know the name & email address of the yearbook advisor.
- 4) What is the deadline needed by the school?

TRADITIONAL SESSION: Your Traditional session will start with a Basic Session, described above. After you select the yearbook picture we will continue with additional poses for your gift portraits. This session will last about 45 minutes. You may bring additional clothing options. You may also bring props to be included in some of your pictures.

SUGGESTIONS: Make your clothing selections as diversified as possible. Style as well as colour should be different. (A black sweater and a black blouse will look pretty much the same in your final picture). Bring clothing that shows your personality.

PROPS: The props you bring should reflect your interests. Musical instruments, Sporting equipment and things that show your hobbies all make good props.

COMPLETE OUTFITS: Try to make your outfits as complete as possible. Many of your pictures will be full length. Your tops, bottoms and shoes & socks should match. Complete sports uniforms, head to foot, including the equipment (Balls, rackets, skis & poles etc.) allow us to be much more creative with your pictures.

BE CREATIVE, IT MAKES IT MORE FUN: We find that seniors that want their pictures to be creative and different have more fun. The more you bring to work with the better selection of pictures we can take for you to choose from.

BRING YOUR PARENTS: When parents are present at the session they quite often have ideas that we did not think of.

EXTRAS: With a Traditional Session you may wish to add on proofs including your siblings, your pets or even have pictures taken at a favorite location. If you would like to do any of these things PLEASE CALL the studio BEFORE so that we can reserve the additional time required.

CHECK OUT OUR SENIOR GALLERY FOR IDEAS: There are many photos that we have done for others on line for you to view. Check them out. If you have a Special Idea you would like for your portrait please come in for a Pre-Portrait consultation so that we can plan your pictures ahead of time.
